

AGITATE!

vs. reformism

Police preservationism seeps into too many spaces, and grows wherever it is unchallenged. Is the crowd chanting "prosecute the police?" Fix that - around here we GET RID OF the police! Nerds pushing "community police relations" or "community control of cops" junk? Slap on ACAB MEANS ALL sticker over that. Reformism is our enemies' tool.

Shouting
public
works
is not enough
to rescue us
from it.
Say it loud & proud,
wherever you go.

Shout up.
Shout down.

Never answer
most of all.
Cop is us, and
we're getting
nowhere, we
haven't even
informed our
communities!
Cop is us, and

communities!

Is a pig hanging out?
Hanging out, are
this joint? Hanging
out, is a cop
wherever else.
Cop is us, and
we're getting
nowhere, we
haven't even
informed our
communities!
